

AC

- 27. The device of claim 26, wherein said password circuitry is further adapted to allow the person to add a new password.--
- 28. The device of claim 27, wherein said password has a length of at least eight characters thereby making it difficult for the person to remember said password after said password is removed from said display device.
- 29. The device of claim 21, wherein said initialized biometric template is a fingerprint.--
- 30. The device of claim 21, wherein said presented biometric parameter is a fingerprint.--
- 31. The device of claim 21, wherein said input device is a key entry pad.--
- 32. The device of claim 21, wherein said biometric interface unit comprises a biometric input pad.--

R E M A R K S

Claims 1-32 are pending in the application. Claims 21-32 are sought to be added. No new subject matter has been added.

Respectfully submitted,

George R. McGuire
Attorney for Applicant
